

Census for all children residing in the Schoharie Central School District

The Schoharie Central School District is taking a census of all school district residents with children and we need your help! The purpose of this census is to assist us in planning for future student enrollment and in researching the possibility of offering a universal Pre-K program in our school. Please take a moment and list all children who reside at your address, including children under age five (5) and up to age eighteen (18). Please be sure to include all students attending any public, private, parochial, or home schools. All information will be held in strict confidence.
